I guess this is a review of a different GAO document. Would you please coordinate with Al Venosa and Alice Gilliland. I'm stuck on the tarmac at OKC because of a weather delay at DFW and my Bb is running out of juice.

Still no word on due date for comments (likely a quick turnaround). Will keep you posted.

Kelly,

Review of GAO document requested (yes Deb, its reared its ugly head again). Could you see if Randall or Steve can review? HF case study PIs and staff on travel or dealing with other HF or Pavillion priorities. Jeanne Briskin/Cindy Roberts will provide spreadsheet format for consolidating ORD comments. Trying to verify due date. Briskin email (below)says comments due COB tomorrow. Howard email (farther below) says comments due to GAO by 20 August (but EPA HQ will still need to review, collate, and consolidate comments). Obviously difficult to provide sufficient review if time is limited. Will keep you posted if I hear anything more.

Cindy Roberts will be our lead point of contact for this effort. We will provide a spreadsheet for your comments. Using this spreadsheet will allow us to easily combine, collate and sort comments from a variety of organizations.

Since our comments are due to OCFO by Friday, please provide your comments to Cindy before COB tomorrow, Thursday 8/9.

thanks!

Jeanne

All,

As a follow-up email regarding the subject GAO Draft Report on hydraulic fracturing, OSP will be collecting and coordinating comments across ORD. ORMA is trying to get an exact due date from OCFO for when ORD's comments will be due to them. However, due to a short turnaround time to GAO, we should assume that our comments will be due to OCFO no later than this week. OCFO has the responsibility for consolidating Agency-wide comments that will take extensive coordination on their part.

As soon as we get additional information, including an exact due date from OCFO, we will notify you.

Didn't read the due date carefully.
 We have just two weeks to get comments back to GAO..
 That is comments are due to GAO on Monday, August 20, 2012.

Norm,

GAO has just sent us the draft report for the other fracking job JC 361350 (Energy Resources and Risks Associated with Hydraulic Fracturing). It is attached below. As the lead office, we ask that you coordinate the response process and consolidate any technical error corrections, comments, or suggestions for GAO. Consolidated comments are due back to the GAO Liaison Team by Sept 4th. GAO by Aug 20th.

GAO is not making any recommendations for this report (neither EPA nor anyone else). This one is only 74 pages cover to cover. If we do not want to send a formal response to this report (as is typical for reports without recommendations) we can send comments to GAO via email.

Thanks,
Mark
